

12/29/70

Dear Dick,

In Howard's 12/23 on your memo he refers to your correspondence with Morgan. If you haven't given me copies, I'd appreciate it, for court use only. If you want them held in confidence, please so mark them so we will not have to trust my frail memory.

I have a long thing not unpleasant to get out to Paul, hence the haste. He is preparing for non-duplicating and worthwhile suits, but he is now merely laying the foundation, which can always result in his getting what he seeks.

No work from Wecht yet, but with the holidays, nothing unusual in it.

Howard's lack of opposition to your seeking publication of the memo now and in essentially that form doesn't entirely eliminate my doubts. I think it is too technical, out of context, and ought be gone over in all aspects. What do you have in mind? A guns magazine?

Nothing really new here, except the regular reporting of new delays with FRAME-UP.

Hope you are having a good holiday period, and that a good year is coming.

Best,
